On your computer, open Chrome. At the top right, look at Menu. Get a Chrome update when available. Normally updates happen in the background when you close and reopen your computer's browser. With these updates, you might sometimes notice that your browser looks different. To make sure you're protected by the latest security updates, Google Chrome can automatically update when a new version of the browser is available on your device. But if you haven't closed your browser in a while, you might see a pending update.
