Changelog: Economy Set forest chop to 40 (was 80)

This marks the last large release of the mod for some time As most of the development is now shifted to a new DLL based mod, this will stay as is for anyone else to pick up at some point in the future, hence the name.. A large proportion of the edits are the result of combining forum comments about areas of greatest concern with most users.

### **download**

download, download zoom, download youtube videos, download youtube, download music, download chrome, download windows 10, download google chrome, download discord, download instagram videos, download facebook video, download youtube music, download instagram video, download fiktok videos, download video, download whatsapp

Most of that was done under the oversight of mystikx21, a longtime supporter of the mod and an experienced gamer.
